

Luxulyan Neighbourhood Plan- Progress

The response to the questionnaire issued in September was exceptional. Nearly 160 completed questionnaires were returned - a much higher number than was expected and a much better response than much larger communities have achieved. Thank you everybody who has responded and for the very good comments and suggestions made. The high number of responses will add greater weight to the final plan.

The high number of responses has however meant that it has taken longer than planned to analyze the information given. It is hoped that a report of the findings will have been made by the time you read this. Please check the Parish Council website at www.luxulyanpc.co.uk.

We are aware that a small number of homes did not get a questionnaire through the post and apologize for this. We were working from a Royal Mail record of postal addresses which perhaps was not 100% complete

The draw for the £20 shopping voucher will be made shortly in time for the lucky winner to use before Christmas.

The next step will be to draft a finalised version of Luxulyan's Neighbourhood plan. This will then go through a scrutiny process before being put to a referendum of the people of the Parish. Currently we are anticipating that this will be next Spring.
